

WOLF TRAP

ASSEMBLY INSTRUCTIONS FOR LOOMS WITH ROUND BEAMS

PARTS

- 1 – left side bracket
- 1 – right side bracket
- 1 – cloth sleeve
- 2 – 1/2" dowels
- 4 – 1-1/4" Phillips screws

TOOLS

- Phillips screwdriver

ASSEMBLY

1. Slide the dowels into the casings on the long sides of the cloth sleeve.
2. Line up the side brackets with the large holes facing to the inside.
3. Fit the dowels into the holes in the side brackets. From the outside of the bracket, secure the dowels with the Phillips screws.
4. Place the assembled Wolf Trap onto the front beam of your loom.

NOTE: This Wolf Trap attaches to beams on the Mighty and Baby Wolf looms that have been modified at various times in the product's history. In the past we produced rounded beams but current production runs have beams that are squared. Please contact us if the included Wolf Trap does not fit your loom, we can help you exchange the side brackets for a pair that fits properly.
